NEW RED PLOT IS DISCOVERED

Big Imperator Given to Great Britain ANARCHIST CONSPIRACY TO KILL GOVERNMENT OFFICERS FOILED IN NEW YORK CITY

SENATE TREATY ACTION COMFORT TO GERMANS.

Berlin Protocol Commissioners Enter the Paris Negotiations in a Controversial Mood.

PARIS, Nov. 20.—France, England and Italy have decided tentatively to try to put the Versailles treaty into effect on December 1.

This action has been taken after the receipt of the news of the adjournment of the American Senate without ratification of the treaty.

If between now and December 1 word comes from Washington that the Democratic and Republican leaders have agreed on a compromise and it is probable that the Senate will ratify the treaty during the first days of December, the Allies will, in all probability, await that action.

Up to tonight the American delegation had received no official news from Washington, although both the French and the English delegations received reports from their embassies at Washington.

Lacking definite news, it is the belief of the American delegation that the treaty is not dead, but that it will be resubmitted to the Senate in December if a compromise on reservations can be reached. But, because in some quarters the opinion is expressed that the Senate has killed the treaty, the American delegation has asked the State Department if it is to continue to participate in the Supreme Council negotiations between now and December 5, when the delegation plans to leave Paris.

It appears now that there is grave danger in the Allies having to attempt to put the treaty into effect December 1 without American participation. All chance of the United States participating in the treaty enforcement from the start is not gone if the Senate can find a compromise.

It developed today that the German protocol commission has entered into negotiations with the French, the English and the Italians in a highly controversial mood and is in a position to make a decision on the German government's plan for the League of Nations.

The protocol must be signed before the treaty is put into effect and there is a chance that this cannot be done before the first of December.

It is useless to try to hide the fact that the anti-American feeling is growing in Paris. The French are becoming especially bitter and their spokesmen today are talking of a demand for a new treaty. The American delegation, however, is not in a position to make a new treaty and is not regarded as a serious factor in the negotiations. The French, who declare they were persuaded to make sacrifices which now may be in vain, without American active force in the League of Nations, with its guarantee to France, Frenchmen say France's boundary must be carried to the Rhine and safer bonds placed upon Germany.

Englishmen are urging other diplomats not to despair of America's final ratification of the treaty. It may be a question, of course, is in a quandary. It does not know which way to turn and it is not welcome, no matter where it turns.

TROOP STATUS VAGUE.—Should the treaty go into effect without American ratification, the situation of American troops on the Rhine would be very vague. If the Senate declares the United States at peace with Germany before America ratifies the treaty, American troops on the Rhine under the armistice would have to be withdrawn. It is believed that the refusal of the Senate to ratify the treaty automatically bars the United States from participating any further in any European affairs and means the American forces on the Rhine must be repatriated immediately.

Pending the return home of these soldiers, they cannot advance farther into Germany if the German government refuses the Peace Conference and refuses to carry out the treaty terms. This situation, it is believed, would prevent either the French or the British trying to extend their bridgeheads by advancing farther into Germany in case the Germans refuse to sign the treaty.

"DOPE" GANG ROBS STORES.—Two more daring hold-ups of stores were committed last night by the same dope-hunting gang which the night previous held up the Highland Park drug store. Both crimes last night were accompanied by violence, the bandits attacking several of the men in the stores and beating them with their gun butts and fists.

The armed robbers, searching for narcotics, first appeared at the Miller drug store, 3901 South Vermont avenue. In the store were Clerk H. L. Stittell and three customers—W. J. Ouna of 2843 Wisconsin street, H. A. Norton of Exposition Park and B. J. Parker of 2925 1/2 South

BULLETINS.

DORPAT, Nov. 19 (Delayed).—[By Cable, Exclusive Dispatch.] It was announced tonight that the Baltic states and soviet Russia have agreed on the terms of exchange for prisoners and hostages.

CHICAGO, Nov. 21.—Thirty-eight members of fourteen wholesale sugar firms were arrested today on Federal warrants charging producing in violation of the Food Control Act. They were charged with asking an exorbitant price or conspiracy to obtain an excessive price for sugar.

CHIHUAHUA CITY (Mex.) Nov. 21.—Gen. Manuel M. Dignus, Federal commander of military operations in Northern Mexico, arrived here late today with Gen. Felipe Angeles, Villa leader, captured near Parral recently. Gen. Angeles was confined in the state penitentiary, to await trial, which will take place immediately, it is believed.

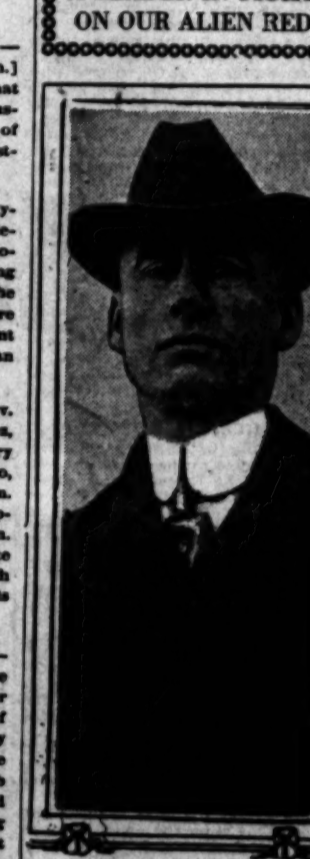

WALLACE (Idaho) Nov. 21.—Four men, all believed alive, are entombed in the Gold Hunter mine at Mullin as the result of a cave-in, which occurred today when two members of a rescue party, James Collins and Jacob Delmar, were caught in a second fall of ground while attempting to effect the rescue of P. F. Grant and Emil Sayko, entombed about last Saturday.

NEW YORK, Nov. 21.—Mrs. Gladys Mary Moore, widely known to cinema fans as Mary Pickford, was awarded a medal by a jury today in a suit instituted by Mrs. C. C. Williams, a play broker.

HOLDS UP REPARATIONS.—The French, Belgian and British financial experts practically have agreed upon a figure for the reparations to be demanded from Germany at about \$50,000,000,000 francs, or about \$100,000,000,000 at the present exchange rate. This sum has been agreed upon by the reparations commissioners of these nations meeting informally, as pending.

A LEADER IN FIGHT ON OUR ALIEN REDS.

Senator Lusk. Who has been waging a winning battle on the radical forces in America as head of the New York State Senate investigating committee.

TWO VOTED AT EACH ROLLCALL IN HOUSE.

WASHINGTON, Nov. 21.—Two members of the House, Rep. Democrat, Texas, and Rep. Democrat, Ohio, romped away with all attendance honors during the special session just closed, each having voted on all of the 214 rollcalls.

FOREIGN GRAIN MAY COME.

"This release of embargo also permits European wheat and wheat flour to enter American markets free of duty under rulings of the customs service. It is expected that this will greatly enlarge the United States supply of foreign wheat."

Mr. Barnes also stated that the sales of the Grain Corporation from

NEW YORK, Nov. 21.—Discovery of a plot to assassinate Federal, State and police officials who have been active in prosecuting I.W.W. and Union of Russian Workers members was announced tonight.

Alexander L. Rorke, assistant District Attorney; Charles F. Scully, head of the "Red" squad of the Department of Justice, and Detective Sergeant J. J. Gegan of the bomb squad were the men marked for death.

Three members of the Union of Russian Workers disclosed the plans when they made it known they believed their arrest was due to knowledge of the "death plot."

WHEAT BAN OFF SOON.

NEW YORK, Nov. 21.—Embargo on wheat and wheat flour will be lifted December 15, it was announced by the United States Grain Corporation late today. Lifting of embargoes on both exports and imports followed the action of President Wilson in Washington today in signing a proclamation completely terminating the embargo control which has been in effect for more than two years.

Control over embargoes first was exercised by the War Trade Board to protect the supplies of wheat and wheat flour for the Allies. Later, control was taken over by Julius H. Barnes, wheat director, under the wheat guarantee bill.

Discussing the lifting of the embargo, Mr. Barnes said: "This is one step in the necessary reconstruction of trade facilities broken by the war, which must function when the Grain Corporation terminates its three year work. While ocean transport conditions and also domestic conditions are being improved, the Grain Corporation will continue to sell from its stocks of wheat and wheat flour the foreign trade in not supplied under private business initiative."

California's winter wheat makes bread that most people could hardly tell from spring wheat, he asserted, "but the bakers claim the public will not accept the local product. The northwestern wheat is better and a sixteen-cents loaf of bread is larger than one of California grain, although it really has no more nutrition."

"Instead of paying up to 115 a barrel for flour, the Grain Corporation could sell them California flour in export bags at 110 to 111 and they could continue to sell bread at the old price instead of 'advancing it.'"

WILL STEER SOCIETY.

"People in both social and religious circles, according to one observer, are looking for the new society of their hearts," he added.

Mrs. Rose Foster Stokes, accompanied by her attorney, called on Assistant District Attorney Barnes today. She remained only a few minutes. It is understood she will be formally questioned Monday.

LATEST NEWS TELEGRAPH AND LOCAL

Ask E. J. Kelly to Resign. SAN DIEGO, Nov. 21.—As a consequence of the visit here of Eamon de Valera, "president of the Irish republic," the executive board of the local post of the American Legion tonight passed a resolution asking the resignation of its vice-chairman, E. J. Kelly, who acted as chairman of a meeting addressed by De Valera in a local theater and also appeared at a reception to De Valera. The resolution follows: "In view of the very serious and embarrassing position in which the American Legion, as represented by the action of Acting Chairman E. J. Kelly on November 19 and 20 in connection with the visit of Eamon de Valera to San Diego, that it be the sense of this committee that Mr. Kelly should be requested to resign as vice-chairman and acting chairman of this post."

Hold Woman as Embelizer. Charged with having embellished \$1300 last Monday from a local department store, where she was employed as cashier, Miss Alice M. Wagner, 19 years old, who lived at the Pickwick Apartments here, was arrested by the police in El Paso last night on telegraphic instructions from a private detective agency. With the cashier at the time of her arrest were Miss Edith Schulze, aged 19, of 134 Avenue 24, this city, and William C. Butcher, aged 25, of 1348 Constance street, this city. All three were held by the police pending an investigation of their activities. They had \$150 in cash and \$100 worth of new clothes and jewelry. Butcher has a wife in this city, the police say.

Bandits Seize Pay Roll. SAN FRANCISCO, Nov. 21.—Four bandits entered the office of an office fixture factory here late today, fired a shot between the manager's feet when he refused to throw up his hands, ordered all four office employees to lie down on the floor, seized the weekly pay roll of nearly

\$2500 and escaped. They fired several shots to drive back workers who were leaving the place, as the robbery took place just at quitting time.

To Hear G.O.P. Policy. SAN FRANCISCO, Nov. 21.—Republican delegates of the First Congressional District will meet here tomorrow to hear the detailed plan of organization and policies of Republican National Chairman Will H. Hays for the Presidential, Senatorial and Congressional campaigns of next year in California, outlined by State Chairman Raymond Benjamin. The particular target of the Republican is Clarence D. Hoag, Democrat, who represents the district in Congress. The district comprises Del Norte, Sonoma, Humboldt, Mendocino, Glenn, Butte, Colusa, Lake, Yuba, Sutter and Marin counties.

INFLUENZA RECORD SHOWS NO EPIDEMIC. PEAK OF CASES THIS YEAR ONLY 45 AND STEADY DECREASE IS NOW NOTED.

SAN FRANCISCO, Nov. 21.—Flu on influenza cases made public today by the State Board of Health show there has been no recurrence of the disease in epidemic form in California since last year's sharp contrast to the situation as it existed at this time last year.

During 1918 it was in the month of October that the greatest number of cases were reported, while the heaviest death toll occurred in November. From the period of October 5 to November 2, 1918, cases of influenza reported were 131,132 and deaths numbered 5181.

For the same period this year 191 cases of influenza were reported and deaths, the statement said, "were practically nil."

The peak of cases reported this fall was reached in the week ending October 5, when the number was forty-five. There has been a steady decline since and for the week ending November 16 only seventeen cases were reported.

TO SAVE PORTLAND SOULS BY AIRPLANE. PORTLAND (Or.) Nov. 21.—Saving of souls by aid of an airplane is the newest fad in Portland, the Apostolic Faith of this city having announced its purchase of a flying machine by which it will distribute tracts about the Pacific Northwest. The airplane will be piloted by Rev. R. R. Crawford, son of the head of the Apostolic Faith Mission here, who is now in the East concluding negotiations for its purpose.

The Apostolic Faith Mission for several months has been campaigning with two large automobiles and plans to extend its work to outside sections by aid of the airplane.

MEXICO FAILS TO ANSWER NOTE.

State Department is not Informed on Status of Jenkins's Case and Intervention Talk Reaches Stage of Reviewing the Forces Needed.

(BY A. F. NIGHT WIRE.)

WASHINGTON, Nov. 21.—State Department officials still awaited tonight a reply to the note warning the Mexican government that further molestation of William O. Jenkins, American consular agent at Puebla, twice arrested in connection with his recent abduction by bandits, would seriously affect relations between the United States and Mexico.

While the text of the American government's communication has not been made public, the summary published indicated it was one of the sharpest ever sent to the Carranza government.

So far as was made known, no report regarding Jenkins reached the department today from Mexico City, but officials believed that if he had not been released he soon would be.

Discussing the general Mexican situation today, State Department officials revealed that before the world war the army General Staff estimated that complete intervention in Mexico by the American government would require 450,000 men operating over a period of three years. Present estimates were unobtainable, but it is known that army officials hold that the force necessary at this time would be much less because of the increased armament, such as motorized transport, artillery and airplanes.

Today the department made public a complete report from Jenkins on his capture and his subsequent treatment in a Puebla hospital, after friends had agreed to pay \$150,000 for his ransom, pledging his person: \$120 hospital fees for himself and wife; \$435 for telegrams; and \$170 for messenger to the mountains where he was held; the consular agent itemized the expenses he incurred in connection with his abduction, placing the total sum at \$357,341.91 Mexican gold. In addition to the \$300,000 Mexican gold paid or to be paid to the bandits, the loss included \$50,000 Mexican gold stolen from the safe in the agent's office; \$125 taken from his person; \$120 hospital fees for himself and wife; \$435 for telegrams; and \$170 for messenger to the mountains where he was held; the consular agent itemized the expenses he incurred in connection with his abduction, placing the total sum at \$357,341.91 Mexican gold. In addition to the \$300,000 Mexican gold paid or to be paid to the bandits, the loss included \$50,000 Mexican gold stolen from the safe in the agent's office; \$125 taken from his person; \$120 hospital fees for himself and wife; \$435 for telegrams; and \$170 for messenger to the mountains where he was held.

Jenkins said "a very important matter" was that "although the local government could hardly be restrained from sending troops out immediately to punish my captors when they learned of my capture, they have not made the slightest effort to do so since I returned, twelve days ago."

"The rebels are only a few miles distant," he wrote, "they have been there for years; they plant, cultivate and gather their crops, entirely unmolested, the whole countryside is with them, and yet the government apparently makes no effort to drive them away or give protection to this city. There are no troops in the immediate vicinity of this city not less than a half-dozen important bands of rebels, all of them well known to the government, and no determined effort has ever been made to fight them. This is the situation as it is today in this city."

Jenkins also said it was "worthy of attention to take note of the attitude the State government of Puebla assumed toward this incident, for almost immediately after my capture, the official paper of the Governor published the opinion that I had been instrumental in my own kidnapping, and that I had formed a plot with the rebels and other friends of mine to cause interna-

Vermonth avenue. One of the bandits punched Stittell in the face because he refused to say where the narcotics were kept, and hit Norton on the head with the butt of his revolver. The robbers secured \$40 from the men and took \$20 from the cash register. They also got four watches from the men. They escaped in an auto which they left with the engine running around the corner on Thirty-ninth street.

The bandits next held up the Crescent Creamery Company agency at 703 West Jefferson street. Agent C. L. Benson was beaten and thrown into a back room, and the men emptied the cash register, getting \$20. Benson made his way to the University Police Station and reported the robbery, but was too dazed to give a description of the bandits.

Believe Peace Treaty Battle will be Presidential Campaign Issue.

LODGE AT LAST SHOWS HIS HAND

Says He Wants People to be Judges of the Issue.

Makes Statement After Talk with G.O.P. Boss.

Wilson's Action is not Yet Decided Finally.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Nov. 21.—Compromise efforts to ratify the peace treaty were thrown into the background today by developments strengthening the possibility that the whole controversy might be transferred to the political arena for a decision by the people in 1920.

Senator Lodge, chairman of the Foreign Relations Committee, and Republican leaders in the Senate today made a statement that there was "no room for further compromise and that the reservations of the Senate majority be carried into the campaign."

There was no formal statement as to whether a like stand would be taken at the coming election, but it was developed that the President's supporters had no definite reservation as yet that he would repeat the subject for compromise by resubmitting the treaty when the new Congress begins December 1.

Wait for Wilson.
Most of the Senate membership has left Washington and the general disposition is to await the President's decision before attempting to go further with compromise efforts.

Senator Hitchcock, in charge of the treaty for the administration, will be expected to announce his decision. It was not certain whether he would see the President before he leaves.

One compromise plan discussed today was to refer the treaty, if it were resubmitted by the President, to the Federal Reserve Commission, with two-thirds of the Senate lined up for such a program. It was pointed out that the treaty could be brought out of committee, if adopted, and the whole matter speedily disposed of without taking to Senate's time from pressing legislation.

Republican Plans.
The Republican leaders emphasized some plan must be adopted. It is the belief that the treaty is to be considered at all, that it will be considered in connection with the ratification of the League of Nations.

Under the President's orders, the followers of the administration will be expected to announce their decision.

RESERVATIONS MAY START A NEW WAR.

(BY CABLE-EXCLUSIVE DISPATCH.)

LONDON, Nov. 20.—London papers widely display the suggestion of the Press of Paris that if America does not ratify the peace treaty, the League of Nations will be formed and later refuse to recognize the validity of the reservations. Therefore, it is vital that the Senate does not omit a clause requiring their acceptance. The majority of the League otherwise would demand obedience to those sections reserved against, under penalty of war.

In the Senate voted down these reservations. It was also shown by the President's supporters that there was a decisive majority in the treaty with the reservations.

These reservations as presented to the Senate stand. There is no room for further compromise and that the President's supporters had no definite reservation as yet that he would repeat the subject for compromise by resubmitting the treaty when the new Congress begins December 1.

GERMANS LIKE SENATE ACTION.

Events in Washington Bring Hope to the Teutons.

Expect to Enter Protocol Conference Exulting.

Allies are Dismayed and Disheartened Now.

(Continued from First Page.)

ratification of the treaty by the United States, it has no member on the reparations commission.

With the United States withdrawn from all European affairs, European financiers fear Germany will refuse to pay such a sum, knowing the Allies would be powerless to make her do so.

One hears all sorts of opinions expressed, but it seems too early to predict what the Allies will do with regard to the American developments. No responsible person will make a statement until official information has been received.

The establishment of the protocol negotiations with tactics tending to delay. What is in their minds is a reflection of the opinion expressed by conservative German newspapers in the past week—that the Senate action has broken up the treaty.

Americans in Paris, particularly those attached to the peace commission or to the United States Army, are wondering what they will do this winter, now that America is about to be closed to them.

BUY GERMAN MARK FOR A RISE IN 1920.

(BY A. P. NIGHT WIRE.)

CHICAGO, Nov. 21.—German marks are in demand in Chicago. They are being bought as a speculation by persons who believe they will rise materially in value within a year.

Bankers who deal in marks estimated today that more than 20,000 Chicagoans had purchased the German coin in the expectation of a rising market. It is said that 200,000,000 marks have been purchased here since the signing of the armistice.

Both sides united in asking him to join the joint sub-scale committee, after the miners had definitely rejected a 30 per cent wage advance and the operators had refused to agree to a counter-proposal for the workers for a 40 per cent increase, a seven-hour day and six-day week, with half-holiday on Saturday.

KOSCIUSZKO FLYERS MOVE NEARER FRONT.

AMERICAN AIR VOLUNTEERS IN ARMY EAGERLY AWAIT ORDERS TO FIGHT.

(EXCLUSIVE DISPATCH.)

LWOW, (Poland) Oct. 14.—(By Mail.) Members of the Kosciuszko squadron, the American air volunteers in the Polish army, are marking time with the same implicit faith in the future as a haberdashery store. We have airplanes, gasoline, mechanics and morale and all that is necessary to make the war requirements is an enemy.

The squadron has just spent three weeks in war, accumulating over 100 hours of flying time. Maj. Paulantier, our commanding officer, formerly of the Lafayette Escadrille, the major had heard that the squadron would be furnished with Breguet day bombers with the idea of bombing Berlin. It had been emphasized at the time schools over on this side. The closest any of us got was to empty a rack of bombs on German fortifications and empty machine guns into German columns.

PROPOSES NEW PLAN FOR COAL DEADLOCK.

SECRETARY WILSON TRIES TO BRING MINERS AND OPERATORS TOGETHER AGAIN.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Nov. 21.—Secretary of Labor Wilson stepped to the front again tonight in an effort to bring miners and operators together, after a proposal by each had been rejected and the slate wiped clean.

Both sides united in asking him to join the joint sub-scale committee, after the miners had definitely rejected a 30 per cent wage advance and the operators had refused to agree to a counter-proposal for the workers for a 40 per cent increase, a seven-hour day and six-day week, with half-holiday on Saturday.

When the conference adjourned after six hours, Thomas L. Brewster, chairman of the operators, declared that the miners had withdrawn and that the slate was clean.

Secretary Wilson said progress had been made and he would meet the committee again tomorrow afternoon.

Comparative data on increases in the cost of living and wage advances of the miners since 1914 was submitted by Mr. Wilson, who declined to make public his proposition. But it was said he proposed an increase of approximately 31 per cent, the difference between the cost of living and wage-increase figures announced by the Secretary at the opening of the conference last week.

The coal situation was discussed today by Atty.-Gen. Palmer, Fuel Administrator Garfield and Director General Hines of the Railroad Administration. Dr. Garfield said they would meet again Monday. It is understood strong plans were agreed upon if necessary to bring the coal strike to an end, and that these plans would be laid before the Cabinet Tuesday.

Dr. Garfield emphasized, in a telegram to Gov. Harding of Iowa refusing to delegate the power of fixing coal prices to State executives, that the Federal government intended to retain control of the strike situation. In official circles it was said action by the States at this time would be tantamount to an attempt to reach a settlement here.

Dr. Garfield's message was taken to mean Governors could not change the wage scale in an effort to get the miners back to work, as the Fuel Administrator refused to allow increases in maximum coal prices to meet the increased cost of production.

An embargo on export of anthracite coal, effective today, was announced tonight by the Fuel Administration. It was directed against "no anthracite coal produced in the United States shall be sold, shipped or otherwise disposed of to consumers and for use and consumption within the United States."

The Fuel Administrator refused to allow increases in maximum coal prices to meet the increased cost of production.

An embargo on export of anthracite coal, effective today, was announced tonight by the Fuel Administration. It was directed against "no anthracite coal produced in the United States shall be sold, shipped or otherwise disposed of to consumers and for use and consumption within the United States."

The Fuel Administrator refused to allow increases in maximum coal prices to meet the increased cost of production.

55 Cents per Month.

DETERMINED BY CARRIERS TO BE PAID TO MINERS FOR COAL.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Nov. 21.—The coal situation was discussed today by Atty.-Gen. Palmer, Fuel Administrator Garfield and Director General Hines of the Railroad Administration. Dr. Garfield said they would meet again Monday. It is understood strong plans were agreed upon if necessary to bring the coal strike to an end, and that these plans would be laid before the Cabinet Tuesday.

Dr. Garfield emphasized, in a telegram to Gov. Harding of Iowa refusing to delegate the power of fixing coal prices to State executives, that the Federal government intended to retain control of the strike situation. In official circles it was said action by the States at this time would be tantamount to an attempt to reach a settlement here.

Dr. Garfield's message was taken to mean Governors could not change the wage scale in an effort to get the miners back to work, as the Fuel Administrator refused to allow increases in maximum coal prices to meet the increased cost of production.

An embargo on export of anthracite coal, effective today, was announced tonight by the Fuel Administration. It was directed against "no anthracite coal produced in the United States shall be sold, shipped or otherwise disposed of to consumers and for use and consumption within the United States."

SAYS RADICALS RULE IN ORGANIZED LABOR.

MINING CONGRESS SPEAKER DECLARES UNIONS TRYING TO WRECK AMERICA.

(BY A. P. NIGHT WIRE.)

ST. LOUIS, Nov. 21.—Stating that organized labor has long since lost touch of its obligations to the public, Charles Pies, of Chicago, formerly of the Emergency Fleet Corporation, pronounced as his belief that the red flag of radicalism has been raised above the Red. While and Blue in the American Federation of Labor, in an address delivered before the final session of the American Mining Congress here today.

At the time organized labor is stronger in membership and stronger in solidarity than ever before in its history," said Mr. Pies.

There is evident in its methods and its aims none of the care and consideration that should attend the exercise of great power.

There is a measure to the industry in time to meet the situation resulting from the coal shortage, the President Wilson today requested the government over the national supply.

The President's action was a measure to the industry in time to meet the situation resulting from the coal shortage, the President Wilson today requested the government over the national supply.

OSBORNE GETS FRUIT CARS FOR SOUTHERN
WASHINGTON, Nov. 21.—The Southern Railway Administration has ordered the purchase of 100 motor cars for the use of the Southern Railway system. The cars are to be used for the transportation of fruit and other perishable goods. The purchase of the cars is part of a larger program to improve the efficiency of the Southern Railway system.

WANT RESUMED
The labor movement in the United States is showing signs of revival. Many workers who have been out of work for some time are now seeking employment. The demand for labor is increasing, and many employers are beginning to hire again.

WILL HOLDUP
The Southern Railway Administration has announced that it will hold up the payment of dividends to its stockholders until the company has been able to pay its debts. This move has caused a great deal of controversy and has led to the formation of a new organization to represent the stockholders.

ALL TRAINS MAY RUN AGAIN
The Southern Railway Administration has announced that it will resume the operation of its trains as soon as possible. This move is expected to bring a great deal of relief to the people who have been suffering from the disruption of the railway system.

TIME FOOD REVIVED

Authority that Exercise.
The Southern Railway Administration has announced that it will exercise its authority to hold up the payment of dividends to its stockholders until the company has been able to pay its debts. This move has caused a great deal of controversy and has led to the formation of a new organization to represent the stockholders.

Subject is to Meet
The Southern Railway Administration has announced that it will meet with the stockholders of the company to discuss the proposed move to hold up the payment of dividends. The meeting is expected to be held in the near future.

Proclamation, How-
The Southern Railway Administration has issued a proclamation stating that it will hold up the payment of dividends to its stockholders until the company has been able to pay its debts. This move has caused a great deal of controversy and has led to the formation of a new organization to represent the stockholders.

SHIPYARDS IN NORTH OPENED.

San Francisco Bay Companies Announce Policy.
The shipyards in the San Francisco Bay area have announced that they will open their facilities to the public. This move is expected to bring a great deal of relief to the people who have been suffering from the disruption of the shipyard industry.

May Bring Workers from Outside Points.
The shipyards in the San Francisco Bay area are expected to bring in a large number of workers from outside points. This move is expected to bring a great deal of relief to the people who have been suffering from the disruption of the shipyard industry.

If Sufficient do not Register will Advise.
The shipyards in the San Francisco Bay area have announced that they will advise the public if a sufficient number of workers do not register for employment. This move is expected to bring a great deal of relief to the people who have been suffering from the disruption of the shipyard industry.

PRINCE ENJOYS YOUNGSTER MOB

Entertains 1000 Children on British Ship.
The Prince of Wales, who is visiting the United States, has entertained a large number of children on his British ship. The children were given a tour of the ship and were entertained by the crew. The Prince was very popular with the children and they all enjoyed the trip.

Greet Them with Grin as They Throw Flowers.
The Prince of Wales was greeted with a great deal of enthusiasm by the people who were on the ship. They threw flowers and cheered as he passed. The Prince was very gracious and smiled at everyone.

Pays Tribute to Memory of Roosevelt at Grave.
The Prince of Wales paid a visit to the grave of President Roosevelt. He laid a wreath on the grave and spoke a few words in memory of the President. The people who were on the ship were very moved by the Prince's visit.

SMITHSONIAN WANTS AIRSHIP OF MENOHER.

WASHINGTON, Nov. 21.—Directors of the Smithsonian Institution today asked Gen. Menoher, the director of the air service, for the big Martin bomber in which Col. R. H. Hart recently flew around the rim of the United States. The Smithsonian Institution is interested in the bomber because it is a very important piece of aviation history.

Col. Hart's Southern California, stated that the plane's record of more than 20,000 miles in flying during which time it had averaged nearly 100 miles an hour, was a record for a bomber of its class.

Col. Hart is leaving next week on a two-month leave, which will be spent with his family in Southern California.

MOON BRINGS ECLIPSE OF SUN THIS MORNING.

NEW YORK, Nov. 21.—The moon will shut out some of the sunlight from most of the United States tomorrow morning when an annular eclipse of the sun will be visible in the United States for the first time since 1908 and the last time until 1930.

Western Texas and Southwestern Louisiana will get the best view of the eclipse and the most darkness. They will be in a shadow path 350 miles wide and witness the whole annular phase with a ring of sunlight surrounding the moon's disk.

The States of Washington, Oregon, most of Nevada, and Idaho, the western part of Montana and the extreme southern part of California will get no view at all of the phenomenon.

FORMOSA HAS FIRST CIVILIAN GOVERNOR.

TOKIO, Oct. 29.—(Correspondence of the Associated Press.) Baron Kenjiro Den, ex-Minister of Communications and an influential member of the House of Peers, has been designated as new Governor-General of Formosa. The designation was made by the Emperor of Japan.

Baron Den is the first civilian Governor-General of Formosa. He has been in the Japanese government for many years and is a member of the House of Peers.

Baron Den is a member of the House of Peers. He has been in the Japanese government for many years and is a member of the House of Peers.

CONGRESSMAN OSBORNE DUE TO ARRIVE TODAY.

WASHINGTON, Nov. 21.—Congressman Osborne will reach Los Angeles tomorrow evening and will remain there until the opening of the regular session. He will personally investigate the car shortage and see that the California growers get relief. Senator Phelan leaves tomorrow night and will visit Southern California before his return to this city.

Almost all the other Pacific Coast Congressmen are now on their way home and will not return in some cases until after the Christmas holidays.

DEEP-SEA STEVEDORES IN WAGE COMPROMISE.

NEW YORK, Nov. 21.—The National Adjustment Commission today made an award of 50 cents an hour and \$1.20 an hour for overtime to the deep-sea longshoremen in the North Atlantic district. This was an increase of 22 1/2 per cent over the scale of wages in force up to October 1 last. The award will go into effect December 1.

The International Longshoremen's Association labor representatives on the commission, asked for 85 cents and \$1.25 an hour. When the award was made, the body adjourned tonight. Three of the five members voted for 85 cents and \$1.25 an hour. Mr. O'Connor and Mr. Ryan moved that it be made unanimous.

ARIZONA NOTES.
PHOENIX, Nov. 21.—That opposition to radicalism has become one of the basic features of Arizona civil administration is indicated by Gov. Campbell's Thanksgiving proclamation.

After reference to the finer spirit with which the nation and State have emerged from the fires of war-time, he states that the relations in Arizona between capital and labor have been amicable of late, betokening the approach of a better understanding of the rights of each.

Seditious organizations have not openly served the seeds of discord. The government have found this is not the fertile field it once was for their nefarious work.

ROBINSON AGAIN MADE APPOINTEE OF WILSON.
WASHINGTON, Nov. 21.—Henry R. Robinson, former member of the Council of National Defense, as well as trustee of the United States Shipping Board, but better known as the representative of the United States in all labor negotiations at the time of the Peace Conference, is again drafted by the government from his home in Pasadena.

He has just been appointed a member of the second industrial conference announced yesterday by the President. Because of his experience both here and abroad he will probably be the chairman of the conference.

Plans for this conference insure it much greater success than was possible under those of the first one, which came to a futile end.

ASPIRIN FOR HEADACHE

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer Package" containing proper directions for Headache, Colds, Pain, Neuritis, Lumbago and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for fifteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacturing Co. Monocetate of Salicylic Acid.—(Advertisement)

 NEW YORK, Nov. 21.—The Harvard-Yale game in Boston will be

[illegible][illegible]

and both have been a source of embarrassment to the University of Southern California by 27 to 6. **POMONA FAVE.** Pomona, which is the favorite of the first few seconds of the fight and the strength of its showing here two for this year, will take heart in the 1913 situation, when Pomona was three to one favorite to win. De- Hastings, who was the favorite to run the ring against Jim Jeffords, Leashy fashed around Emma, Feir the first quarter, and was a touchdown in the first quarter, the Redlands team and the best fighter in the back field, is out of the game by the end of the second quarter. He is a safe bet that he could have a proper education of the game. **HARVARD RESTED.** Harvard, with a great rally late in the game it tied the score by another march across the Princeton goal line.

[illegible][illegible]

and two years ago, he was named the best player in games where his own team is considered the underdog. The 160-pounder, who is now a senior, battled with Glendale's Mike Rayburn in a fight that was called a draw. Rayburn, who is now a senior, seemed able to strike with great accuracy, but his wading attack just as they seemed about to make the vital throw.

Rayburn, according to his pregame custom, announces that there is a 100-foot team with a fairly heavy defense, and an elastic offense. He is a 100-foot team with a fairly heavy defense, and an elastic offense.

SAM HILL HAS CALL

By defeating Glendale 45 to 0, Citrus Union High School yesterday won the right to represent the Central League in the semifinal playoff game in the fourth U.S.C.

looked at times as though Reese might have a chance to win. He had the hardest punch, Frank May stopped Jack Rooney in the third round. Rooney was a tough fighter, but didn't know how to box. He was a tough fighter, but didn't know how to box.

Georgetown meets Washington and Lee, and Washington and Jefferson play a preview game. Each combination ranks high in its territory.

TEXAS OIL TOWN LIKE '49 CAMPS.

Ten Thousand Live in Tents
in Wagoner City.

Merry Wheels Whirl in Old
Time Gambling Rooms.

Incredible Activity Through
Burk Burnett Field.

[SPECIAL CORRESPONDENCE.]
BURKBURNETT (Tex.) Nov. 21.—

Just now the big question under consideration at Wagoner City, the tented oil town of more than 10,000 people, situated five miles from here, is whether or not it shall have a municipal government. The election of a few weeks ago, at which only sixty qualified voters were cast, resulting in favor of incorporation, has been upset by a decision just rendered by Judge Edgar Scurry of Wichita Falls, who held that the incorporation of the town was invalid because of certain alleged irregularities.

The proponents of incorporation have circulated petitions for another election on the proposition. The fact that the town is at present the most wide-open town in the United States, where there had no counterpart in the matter of gambling and playing for big stakes, as well as in other notorious respects, even in the heyday period of mining towns of the West, makes the question of placing it under municipal control of unusual interest to the element that is profiting by the present lack of law and order. It is stated that the chief purpose of the men who are seeking to have the picturesque town incorporated is to rid it of the lawless element that now has it within its grasp.

The cashing-in of the plant of the Charles F. Noble Oil and Gas Company, now partially completed at Burk Burnett, will be the largest of its kind in the world when all the proposed units have been installed. The plant at present has a capacity of approximately 10,000 gallons of gasoline daily, and is actually producing in excess of 4000 gallons.

This plant is located on a site consisting of thirty-two acres of land. It has already constructed a number of units, including tanks, a sewage system, and large storage tanks, capable of storing 200,000 gallons of gasoline. When completed the plant will consist of a skimming plant with capacity of 3000 barrels of crude daily, which is already in operation; a pipeline from the northwest field, about fifty miles of gas mains through the field; two large booster stations; a cashing-in plant with 40,000 gallons daily capacity; large storage facilities and truckage, and a complete 6000-barrel refinery, together with a blending plant, where casing head gasoline will be blended with gasoline of low gravity. Some blending is being done now. Ten 55,000-barrel tanks are now under construction.

Considerable storage is being expected by the various pipeline companies handling oil from the Burk Burnett field, inasmuch as relief from the present congestion is to be expected soon. The Constantine Pipeline Company is erecting ten 55,000-barrel storage tanks on its tank farm near Devol, Okla.

The Empire Pipe-Line Company has constructed three 55,000-barrel storage tanks on its farm, north of the town of Burk Burnett. The company also has 10,000-barrel tank already completed.

The Bradley Oil Company has just completed the first tank on its 215-acre tank farm in the Burk Burnett northwestern extension field, and has started filling it through their four-inch pipe line extending to its lease.

The additional storage thus obtained has enabled the Bradley Oil Company to drill in four wells that have been for some time waiting on the sand. The company has more tanks under construction, twelve on the ground, and five in transit from the mills.

It has also started operating two units of its ten-unit casinghead gasoline plant in Unit 74. The total capacity of this plant is 10,000 gallons a day.

Right of way from Devol to Red River for a pipe line that will enter the northwestern extension of the Burk Burnett field, has been secured by the Hines Oil and Gas Company of Oklahoma City. The site for a loading rack at Devol has been purchased, and a contract made for a railroad siding. Actual construction of the line should be under way in the near future. O. W. Dill, vice-president of the company.

The Hines Company has a capital of \$2,000,000. It is one of the organizers of the Black Feather Oil Company, president; O. W. Dill, former banker of Houston, is the treasurer. Among the directors are former Senator John A. Key of Marion, O., and C. G. Story, oil operator and geologist of Oklahoma City.

ACCOUNTING SOUGHT. ROOT FOR POMONA.

Chicago Company Suing Angelenos
Who Represented It.

[BY A. P. DAY WIRE.]
SAN FRANCISCO, Nov. 21.—Initial steps in a counter suit filed against M. W. Priesler of Los Angeles by the Chicago Pneumatic Tube Company, demanding an accounting from Priesler, who formerly was western representative of the company, were taken here today when the deposition of Miss Evelyn Custer, former confidential secretary to Priesler, was taken before United States Commissioner Krull.

Priesler, who had a contract to represent the pneumatic tube company, a Seuan corporation, contended that he was discharged by the company and he filed suit to recover \$75,000 damages for alleged breach of contract. The company, in a counter action, demanded an accounting from Priesler.

Attorney Oscar Lawler of Los Angeles, representing the tube company, indicated today by questions asked Miss Custer that an attempt will be made to show that Priesler did not deal fairly with the Chicago company, and that no adequate cash account was furnished by Priesler. J. Henry represented Priesler. The case will come to trial in Los Angeles, it was stated.

TWO YEARS A.W.O.L.; GIVEN THREE MONTHS.

[EXCLUSIVE DISPATCH.]
SAN FRANCISCO, Nov. 21.—

Just-Under. Hunter Lavett cannot understand why a man who admitted absconding himself without leave from the army nearly two years should be sentenced by a court-martial to only three months in the guardhouse in appreciation of the case he chides the Judge-Advocate and the president of the court for leniency. The approval was handed down today with this remark: "In order that the accused may not go wholly unscathed, the sentence is reduced." It was the case of Private Charles J. Gotthardt, One Hundred and Sixty-first Infantry. The trial was held at Fort Lawton, Wash.

MEXICAN IS KILLED BY RANGER OFFICER.

[BY A. P. DAY WIRE.]
BROWNVILLE, Nov. 21.—An

unidentified Mexican, while enroute, was shot and killed today by Capt. W. L. Wright of the Texas Rangers.

Two men, from Fort Brown, complained to Capt. Wright that the Mexican had thrown bottles at automobiles driven by soldiers. According to officers, the Mexican drew a knife and stabbed at Wright when he approached to arrest him. Wright fired, the bullet striking the Mexican in the leg. Unsubdued, the Mexican made a second stab at the officer, who, it is said, shot him in the face. The Mexican died in five minutes.

PATENT HELD VALID.

Foundation Doesn't Operate Against
Federal Grant, Court Holds.

Holding that the patent issued by the government to the Southern Pacific in 1933, covering 160 acres of land in Antelope Valley, is good, the United States District Court of Appeal, yesterday reversed judgment of the Southern District of California in favor of the defendants, Joseph G. Donovan and Reese Bourne, in an action brought by Benjamin F. Huntington to quiet title to the land.

Huntington had an unbroken chain of conveyances, beginning with the patent issued by the government to the Southern Pacific, although the defendants were in adverse possession of the land. The court held that the patent was valid, but that later on the suit was withdrawn.

WIND FANS FLAMES.

Fire Starting in Barn Spreads to
Far-Deant House.

[LOCAL CORRESPONDENCE.]
SANTA ANA, Nov. 21.—Carried by the wind through a row of gum trees 150 yards long, fire which started in a barn owned by J. L. Marchant at Tustin today resulted in the destruction of a large ten-room house recently bought by C. M. Young from F. T. Adams.

The barn was destroyed, seventy sacks of walnuts valued at \$15 each, the flames were carried in the dry bark and leaves from tree to tree and then about sixty feet to the large house, which was not occupied, as it was to be wrecked immediately. The origin of the fire in the barn is not known.

RAILWAY EXPRESSMEN MAKE MANY DEMANDS.

[BY A. P. DAY WIRE.]
CHICAGO, Nov. 21.—Members of

the Order of Railway Expressmen today announced details of their demands for increased wages and improved working conditions presented to Director-General Hines by Grand President Bollinger.

The demands are: Time and a half for all employees except at stations employing five men or less.

Express messengers to be put on a 340-hour month instead of drawing time on a monthly wage basis, which means they will be granted an eight-hour day with time and a half for all overtime including terminal time.

It was understood there would be no strike until officials of the Railway Administration had been given time to consider the question. The men expect a decision from Director-General Hines within a few days.

FIND DEAD MAN'S RAZOR.

[BY A. P. DAY WIRE.]
SAN LUIS OBISPO, Nov. 21.—A

razor said to have belonged to Fred A. Dean, who was found slain in his home near Paso Robles, Monday night, was discovered today in an out-house on the ranch. Fire had charred the handle of the razor which was found with a bloody cloth underneath it. The razor was found by M. R. Van Wagoner said Dean told him she had thrown the razor away after Dean's murder. Mrs. Dean, who attended the trial, Wednesday, will recover, physicians stated.

FORMER STUDENTS ROOT FOR POMONA.

PLAN BIG RALLY ON EVE OF
IMPORTANT FOOTBALL
GAME.

[LOCAL CORRESPONDENCE.]
CLAREMONT, Nov. 21.—Pomona

College alumni and their friends will participate in a monster homecoming and reunion, tomorrow, the day of the time-honored Pomona Occidental football game, the last game of the conference season. Practically an all-day program is being arranged for Saturday, and many prominent alumni are expected to arrive in time to take part in the big rally and bonfire, Friday evening, on Alumni Field.

Four hundred seats will be reserved for Pomona graduates and former students on the bleachers Saturday afternoon, and the alumni football game will be led by Bruce A. Findlay, former coach and trail leader, and now an instructor at U.S.C. After the game the alumni will have dinner at the college commons at 6:45 o'clock, following the regular student dinner hour. A number of the classes will have special tables, and there will be opportunity for class meetings and alumni business.

Saturday evening at 8 o'clock the alumni will be invited to witness the Pomona Pomona football game, which includes campus scenes, pictures of the Pomona Pomona football team, and a variety of other features. The Pomona Pomona football team is expected to win the game, and the alumni are expected to cheer them on.

FOCH TO BE SLATED FOR FRENCH SENATE.

PARIS POLITICAL GOSSIP ALSO
HAS IT CLEMENCEAU WILL
BE NEXT PRESIDENT.

[BY CABLE AND ASSOCIATED PRESS.]
PARIS, Nov. 21.—Interviewed by

a representative of the newspaper Oeuvre relative to the political situation, Rene Viviani, former Premier, stated that Premier Clemenceau remains in his present office until January and then will become President of the republic.

M. Viviani is quoted as denying any intention to become a candidate for President of the Chamber of Deputies in opposition to Paul Deschamps.

Marshal Foch has been offered the nomination for Senator in the Department of Finances, according to the Presse de Paris, which says he has accepted the nomination on condition that all parties will unite in supporting him.

Jean Longuet, leader of the extreme wing of the Socialist party, denied yesterday that his organization was planning to stage a revolution as a result of the recent elections. "The Socialist party does not intend to start a revolution," he said. "The revolution was a scarecrow by which our adversaries tried to stampede voters."

BYRCE SAYS WORLD MUST HAVE LEAGUE.

ONLY MEANS OF DEALING WITH
MISTAKES MADE AT PEACE
CONFERENCE.

[BY A. P. DAY WIRE.]
LONDON, Nov. 21.—(Foreign

Correspondence and Associated Press.) Viscount Bryce, speaking at a dinner recently, asserted that, after making all allowances for it, he was bound to say that the League of Nations had committed very grave errors and was in danger of committing more.

He said a great deal of the proceedings of the conference are going to survive there is further need for the League of Nations, "which alone could deal with them," he declared. "The League of Nations appeals to the conscience of mankind and it cannot be effective unless it is supported by the public opinion of all that is best in every country."

PEOPLE NOT INTERESTED.

He said he was afraid there were

only two countries—Great Britain and the United States—where the idea had caught hold of the best opinion, and even there it had not gone down to the minds of the bulk of the people. The reason, he said, was that they were so much occupied with their own affairs that they took little interest in foreign affairs, and he was essential to the importance of this question should be brought home to every voter.

MACHINE GUNS GUARD HINDENBURG PARADE.

[BY CABLE AND ASSOCIATED PRESS.]
BERLIN, Nov. 21.—(Delayed.)

Minister of National Defense Noske, by his thorough military precautions, yesterday morning effectively suppressed everything but the nature of a demonstration during Von Hindenburg's auto trip from the residence of Count von Helldorf, where he had been stopping, to the Reichstag building, where, at 10 o'clock, he answered six formal questions put by the investigating committee, which intended to develop how intimately the field marshal shared in the political activities of the government at critical moments.

The distance of almost two miles was lined with soldiers with machine guns at possible gathering points and the public was rigidly excluded, even from unimportant side streets. Small gatherings of people were here and there, but were scattered by the police. A heavy snowfall helped to maintain order.

In regard to the present slight monarchistic agitation, Minister Noske said: "I am convinced the whole disturbance will be forgotten in eight days, but I suppose someone then will find a way to stir up a new disturbance."

MORE PAY, LESS STEW. IS CHAMBERMAID PLEA.

CALIFORNIA WELFARE COM-
MISSION FAVORS BETTER
CONDITIONS IN HOTELS.

[BY A. P. DAY WIRE.]
SAN FRANCISCO, Nov. 21.—Recom-

mendations that California hotels and restaurants raise the wages of their women employees from \$13.50 a week to \$15 for women living outside or \$50 a month where the woman lives in the establishment have been made by the Industrial Welfare Commission of California.

Un satisfactory working conditions were largely responsible for the present labor shortage in these lines of work, the Commission declares in a report made public today, and better food and better housing are urged.

On account of the labor shortage, the Commission announces, the enforcement of the day of rest for all full-time workers in hotels and restaurants has been postponed until January 17, 1935, with the hope that changed conditions will attract more women into these lines of work by that time.

ASK BETTER FOOD.

"We found an almost universal complaint against the quality of food served to the workers," the Commission reported. "Also in many instances complaint as to the lodgings afforded. From chambermaids came the universal cry of too many rooms to care for. Women reported as many as twenty-five to thirty-five rooms to be cared for by one woman in several cases. And the rooms also having baths which the women were compelled to care for."

"There seems to be a general complaint against stewards," the Commission said in urging better food. Other recommendations were made with reference to the initial cost of the uniforms, chambermaids not to be required to look after an excessive number of rooms and that heavy scrubbing and polishing be done by men or by regular scrubwomen.

ICE FRANCHISE HELD.

Council Wants Safeguards Provided
Before Pipes can be Laid.

The City Council did not award to the Ice and Cold Storage Company yesterday the franchise on which it had for the right to lay extraneous pipes in the public streets in the area bounded by the Los Angeles River, Figueroa, Temple and Pico streets. The matter was referred to the Public Utilities Commission.

In discussion the statement was made that officers of the fire department have found that heavy pipes in the streets are a hazard in fighting fires and it was urged that special safeguards be required.

STRIKES IN VIENNA INCREASE EACH DAY.

[A. P. FOREIGN CORRESPONDENCE.]
VIENNA, Oct. 8.—Strikes succeed

strike throughout Austria, and particularly in Vienna. The strikes are affecting in nearly every instance the government's revenue.

The crown lately has had an actual purchasing value of about 3 cents American, and continues at the rate of about 2 cents. The government's printing presses try to keep up the supply to pay government salaries.

Food is scarce, and usually of poor quality, particularly the bread, coarse, heavy and almost black. The action of the government in the suit of clothes that last week was priced at 2400 crowns is this week 1000 crowns.

But Vienna is quiet, although still congested and with a large idle population drawing out-of-work stipends from the government. The element is gradually being reduced, however, the figures showing about 115,000 this week, against 160,000 a few weeks ago.

Own Your Own Home Live in Health, Comfort and Happiness in the Southland. Own Your Own Home

Cozy Bungalow of Quaint Design.

HOME--The Greatest Resource

MATERIALLY, from the monetary standpoint, building and owning a home surrenders to no opposing argument. Its benefits to the man who finds the community in which he lives and works and rears his family, congenial to all, are of such diversity and value as to make repaying a compromise with bad judgment. The responsibilities of home-building and owning identify a man as an important unit in the civic life of his community. Building and owning homes, as the part of those who logically can and should, is as important as intelligent voting. Observation shows that the beginnings of the successful careers of many young business men has been the acquisition of title deed to a home. Credit is based on character and resources. A home is a character-maker, and at the same time is the greatest and most elemental resource of all.

Homes are lived IN but furniture is lived WITH.

When deciding on the Furniture and Furnishings that go into your home, bear in mind their durability as well as the possibility of their becoming homely from long association. Proper selection at the outset—under the guidance of experienced furnishers of successful homes—makes such dissatisfaction impossible. This store understands home-makers' problems.

704 to 710 S. Broadway. **Barker Bros** Phone 10423

OVER-EATING

is the root of nearly all digestive evils. If your digestion is weak or out of balance, better eat less and use

KI-MOIDS

the new aid to better digestion. Pleasant to take, effective. Let Ki-Moids help straighten out your digestive troubles.

HOME IS AMBITION'S SPUR.

Owning Brings Security and Success, Says Association Head.

BY J. A. TAYLOR.

Secretary of the Brick Manufacturers' Association.

The man of family who fails to appreciate the true significance of home-owning to himself and family has not reached full stature. If his ambition points that way he has made the start; but ambition unbacked by decision is of little avail.

The basic need of all men and women is a home and the sense of shelter and security which goes with ownership. If there were no other arguments worth while men would be more than justified in building and owning their own homes for the children's sake.

Like father, like son! The next generation will not be a home-owning one if the present generation doesn't show the benefits of home-owning and inculcate the home-owning ambition. If you are determined that John and Mary shall have a fair show to make good on your ambitions for them, get them tucked away in a good home—a home that is all yours, and theirs. It will become to them the very hub of the universe, a very sacred spring of inspiration and a very tangible example of the prudence of thrift. If you would do your part toward making your children's future secure in a nation of home owners—BUILD NOW!

Another thought is the sense of independence that home ownership brings. Somewhere in the heart of every man is the desire to be freed from the reach of want and care. Independence makes for better workmen, better fathers, better men!

One of the largest employers of labor in the country ordered a canvass of his factories to determine what percentage of the employees owned their own homes. At the same time he urged all the employees to become home owners or home buyers. Sound logic prompted this action.

The responsible man is the valuable employee. The home owner has a deeper sense of civic pride. He is established; he is responsible; he is interested in everything that tends toward the peace and security and upbuilding of the community.

The example set by one manufacturer will be followed by others. It will daily become more requisite to a man's securing responsible employment that he own his own home. The home builder is the life of his community; the community needs and wants him. My advice to those who can build and own their own homes is to DO IT NOW!

HOMES FOR MANY:

NEW BUNGALOWS.

Home building is going forward steadily throughout the city, and desirable lots are accordingly feeling the influence of stimulated demand. The city building department recently added six employees to its working force to accommodate the public call for building permits. This week's applications for permits included many new bungalows, among them being the following:

To W. Charles Smith, three bungalows at 1200, 1212 and 1212 La Brea avenue, \$11,800; N. T. Cory, residence and garage, 7204 Sunset boulevard, \$8,000; H. M. Baird, bungalow, 248 North Johnson street, \$14,000; William R. Coyne, bungalow, 1213 Fuller avenue, \$2,200; G. C. Courtright, bungalow, 4110 Angeles street, \$4,500; E. W. Nisbet, residence, 1057 South Norton avenue, \$4,500; Virginia Gruwell, bungalow, 2235 Virginia road, \$4,150; Mrs. A. B. Bennett, residence, 1517 Orange Grove avenue, \$6,800; F. L. Reiman, bungalow, 1311 Ocean drive, \$4,000; John R. Avery, bungalow, 6243 Schuyler avenue, \$5,200; Walter B. Bishop, bungalow, 6247 Schuyler avenue, \$5,200; H. J. Whitely, residence, 6830 Whitely terrace, \$4,000; J. O. Christensen, 8900 Sherman way, \$2,500; G. V. Henkel, bungalow, 1009 Westchester place, \$4,000; N. H. Durland, bungalow, 1028 Fourth avenue, \$2,610; Mrs. A. G. Cromer, double bungalow, 1822-24 Gover street, \$2,500; W. S. Clark, bungalow, 5237 Fountain avenue, \$2,400.

OUT OF LUCK. Jasper says: "Of course we pity the blind, but what about the fellow who had a chance to buy his home a year ago and didn't, and now has to move?"

The New California Four Million Dollar Hotel In the Wilshire District

Will Use Hollow Tile

All exterior walls of this magnificent structure will be built of L. A. P. B. Hollow Tile. Hollow Tile is just as suitable for a bungalow or mansion as for a hotel.

Rooting Out the Reds

The shots from the I.W.W. Headquarters in Centralia, Washington, which killed four veterans of the World War and wounded others in an Armistice Day parade, give dramatic emphasis to the fact that a year after Germany's open war on civilization was defeated, we are still being attacked by sinister forces of revolution and anarchy which Germany, many believe, turned loose upon the world by way of Russia. That the American public is rapidly losing patience with the organized and persistent efforts of foreign theorists to destroy American institutions is evidenced in many directions. Not only is the Department of Justice rounding up suspects in every part of the country, but there are pending in Congress fifty-two bills which are designed to give the Government all the authority needed to deal with the Bolsheviks, anarchist, and other anti-American organizations. A sample of the teachings brought to light by the Government's raids is the manifesto of the Federation of Unions of Russian Workers of the United States, and Canada. It advocates among other things: Capture of all products and means of production; liberation of all political prisoners; the blowing up of all barracks; the murder of law-enforcing officials; the burning of public records; destruction of fences and all property lines; the destruction of all instruments of indebtedness.

Thoughtful men and women who have the future welfare of our country at heart will read with the deepest interest the article in this week's LITERARY DIGEST, dated November 22nd. It shows what steps the Government has taken to suppress violent outbreaks, suggestions for the punishment of those arrested, and a clear explanation of just what the un-American forces of violence are attempting to accomplish.

Other Intensely Interesting News Articles in This Number of the "Digest" Are:

DAILY TRADE TALK.

Europe Bankrupt but not Ruined; A.I.B. May Come in 1921.

BY CHAPIN HALL.

Bankrupt, but not ruined, is the distinctive difference a distinguished economist now visiting in Los Angeles draws of the present financial condition of continental Europe.

John J. Arnold, supervisor of the international business department of the Bank of Italy, and formerly vice-president of the First National Bank of Chicago, addressed the University Club at luncheon yesterday on "World Economics."

Mr. Arnold takes the advanced stand that the continental countries should be treated just as any other bankrupt business deprived of its ordinary sources of revenue through no fault of its own. The whole question is economic rather than political, he says, and it is the duty of the creditors not to complete the wrecking process, but to act together for the rehabilitation of the debtor that he may be restored to production and solvency.

He would call a creditors' meeting at which the assets and liabilities of the bankrupts would be laid upon the table for complete analysis and a solving of problems. He would write off part of the obligations giving the countries hardest hit the benefit of the greatest reduction.

England is strong, Japan is strong, America is strong. France is weak, Belgium is weak, Italy is weak. The strength of the one must be used to strengthen the other, and adjustment long-time notes should be arranged with interest payable, not in this country, but in some central point near the places of business of the bankrupts, and it should go back into the business to help along the work of rebuilding and rehabilitation.

In other words, he would put the liquidation upon a strictly business basis, and upon such a basis it would result in an eventual discharge from bankruptcy and a restoration to a free and independent place among the going nations of the world. But, Mr. Arnold says, steps in this direction must be taken at once. We should wait no longer on the League of Nations, peace pacts or treaties. The assets must be realized upon promptly or it will be too late, and the debtors will forever lose their chance to retrieve their losses.

The speaker has recently returned from a tour of inspection. He says that everywhere he goes he finds a remarkable spirit of optimism abroad, which stock-market surges or other surface outcroppings are powerless to stay. In every up-state town every banker and every business man and every farmer is convinced that there is not another country in the United States so good as France. At present this is \$150 per year, but if the average reaches \$200 the year jumps to \$150. This figure, however, has not been reached, but the value of the assets is becoming more fully recognized as the business and scope of the exchange grows.

Bank Clearings. Bank clearings continue to show 100 per cent. increases over the corresponding dates in 1918 and 1919, and the increase is held weekly. Referring to financial conditions generally, Mr. Williams reports constantly augmenting deposits, plenty of money at attractive rates, increasing building operations and a very favorable outlook.

National Bank Call. The Comptroller of the Treasury issued a call yesterday for the condition of the national banks of the United States at the close of business November 17. The Los Angeles banks showed a remarkably healthy condition, the previous call on September 12. Deposits have increased \$14,576,723. Loans show an increase of nearly \$15,000,000 and the total cash on hand has increased by \$7,000,000. The result of the call shows the splendid strength of the Los Angeles banks. The comparative table showing the present status and that of the previous call is presented herewith:

Exempt from Federal Normal Income Tax.

Fisher Flouring Mills Co.

7% Cumulative Preferred Stock

The Company's plant, located on Harbor Island, Seattle Harbor, has been pronounced by milling experts to be "America's Finest Flouring Mills."

Net assets amount to \$255 per share of this Preferred, and net current assets equal \$164 per share.

There is no mortgage or bonded indebtedness. This preferred stock is safeguarded by proper provisions.

Full Details Upon Request.

Price: \$100 Per Share

We regard this offering as an excellent opportunity for Conservative investment where neither security nor income-return is sacrificed.

GRAIN MARKET GENERALLY SHOWS WEAKENED VALUES ON DAY'S NEWS.

(EXCLUSIVE DISPATCH.)

CHICAGO, Nov. 21.—(Exclusive dispatch.)

Grain market generally shows weakened values on day's news.

The market for wheat, corn and other grains was generally lower today, with wheat leading the decline.

Wheat futures were down 2 to 3 cents, and corn futures were down 1 to 2 cents.

The decline was attributed to reports of a large export crop from the United States.

Some traders, however, believe the decline is temporary and that prices will soon recover.

The market for other grains, including barley and oats, was also lower.

Barley futures were down 1 to 2 cents, and oats futures were down 1 to 2 cents.

The market for grain futures was generally lower today, with wheat leading the decline.

Some traders, however, believe the decline is temporary and that prices will soon recover.

The market for other grains, including barley and oats, was also lower.

Barley futures were down 1 to 2 cents, and oats futures were down 1 to 2 cents.

The market for grain futures was generally lower today, with wheat leading the decline.

Some traders, however, believe the decline is temporary and that prices will soon recover.

The market for other grains, including barley and oats, was also lower.

Barley futures were down 1 to 2 cents, and oats futures were down 1 to 2 cents.

Barley futures were down 1 to 2 cents, and oats futures were down 1 to 2 cents.

PRODUCE PRICES SHOW

LITTLE FLUCTUATION.

POTATOES ARE HIGHER; LETTUCE WEAKENS; OTHER PRODUCE STEADY.

Prices remained practically unchanged from those of the preceding day's trading on the local produce market yesterday. Articles were some what heavier, but Friday's small demand was in evidence, with the result that the farmers were unable to sell their offerings on a steady basis.

Letting of yesterday's market found quantities of potatoes at 18 cents, but the tone of the price list at the close for the better-grade commodities was steady.

Despite the continuing heavy arrivals, potatoes advanced slightly yesterday. The firmness of the market was due to the fact that the farmers were unable to sell their offerings on a steady basis.

Letting of yesterday's market found quantities of potatoes at 18 cents, but the tone of the price list at the close for the better-grade commodities was steady.

Despite the continuing heavy arrivals, potatoes advanced slightly yesterday. The firmness of the market was due to the fact that the farmers were unable to sell their offerings on a steady basis.
